25X1 tests of torpedoes or mines were being 25X1 carried out on the east coast of the Caspian Sea. En route to Krasnovodsk and on the return trip, to detour around an area closed to navigation. In 25X1 this connection it should be taken into consideration that "Reydtanker" Shipping Company vessels proceed along the eastern shore of the Caspian Sea in making the trip from Astrakhan to Krasnovodsk. (Astrakhan-lli Sea Roadstead-Fort Shevchenko-Nizhni Tyub-Karaganskiy Lighthouse-Tokmakskiy Lighthouse-Kuuli Lighthouse-Krasnovodskiy Floating Reception Lighthouse). the shipping 25X1 company's chief of the Marine Inspectorate who failed to give the coordinates of the area closed to navigation 25X1 there was an area far south of the Kuuli Lighthouse where the Caspian Flotilla periodically held training maneuvers the area was located about 12 Kilometers south of the Kuuli Lighthouse near the beach. 25X1 25X1 it was not more than five kilometers long. Kuuli Lighthouse has an intermittantly-flashing white light, with eight seconds between flashes, visible at a distance of about 15 miles. The lighthouse is a round iron tower, about 48 meters high, on a stone foundation. The tower itself is supported by slanting metal skeleton girders. 25X1
